ABOUT

To light a room, all one really needs is a bulb. At Zeev, we believe in gracing your home with something more: beauty. Our designers have worked in the industry for years and possess considerable expertise in the intricacies of light design, creating chandeliers that radiate artistry and grace. Zeev's crystals are incomparable and our fixtures innovative— they act as functional ornaments, sparkling and refracting light, illuminating your home with a special glow. Literally meaning “brilliance” and “brightness,” Zeev embodies its name.

A family business with over 30 years of experience, Zeev has ongoing relationships with vendors, as well as a keen understanding of customers’ desires. We believe in evolving, keeping communication open, and providing clients with dazzling chandeliers. Zeev contends that everyone deserves to luxuriate in the finer aspects of life, and we further that vision by producing luminaires that epitomize luxury. We invite you to explore our collections and become enchanted.
